### 50 YEARS of FAITH in ACTION

That's how long **Tearfund** has been working in countries around the world, together with local partners, to help people step out of poverty, harm and danger. Tearfund has a distinctively Christian approach to the way they work, seeking to meet material and spiritual needs and inviting people to know God. This faith based approach works through local churches to solve problems people face in their communities. It is now practised in 41 different countries around the world, reaching millions of needy people. Toilet Twinning is one of Tearfund's initiatives we have additionally supported this year thanks to your generous donations. This scheme provides safe water, proper toilets and hygiene education for people in remote villages to improve health. Leaflets about this scheme are on the Missions table and framed photos are in the Church and Hall loos.

St George's gives regular financial support to Tearfund from our Missions Fund.
